

Product Description

Dupli-Color® Rust Fix® destroys rust on contact by bonding and transforming it into a sandable and paintable surface. Sprays on clear and transforms into a black, metal protecting coating that prevents future rust from forming. It saves you the time of sanding all the way down to bare metal and can be used with body filler and fiberglass.

Product Characteristics

Colors: Black

Properties

Product Weight: 6.34 lb/gal

Flash Point: Propellant < 0° F

Preferred Application

Dupli-Color Rust Fix provides an optimum performance when this application method is followed.

Prep	PW100	Prep Wipe
	PS100	Prep Spray
	CM541	Grease & Wax
Coat	RF129	Rust Fix

Rust Fix is used to prepare for sanding or paint!

Refer to the application box for more specific instructions!

Uses

Exterior Automotive Surfaces.

Surfaces:

Fiberglass, Metal, & Body Filler.

Application

Use of gloves is recommended.

Dupli-Color Rust Fix is not recommended for surfaces that will exceed 200° F.

Prepare surface by removing loose paint, dirt, rust, grease, wax, etc. Remove as much rust and scale as possible with coarse 50-grit sand paper or wire brush. Wash with mild soap and water. Rinse well, and dry with clean cloth.

Mask-off surrounding areas to protect from overspray. Use at temperatures between 60° - 92° F, and when humidity is less than 60%.

Shake can vigorously for one full minute. After each minute of use, shake the can for an additional 10 seconds. To spray, hold can parallel 8-10 inches from the surface to be coated and use in an even, sweeping motion. To avoid runs and sags apply 2-3 light coats, allowing surface to dry no more than 2 minutes between coats. Final application should dry to a black finish. Protect the surface from moisture and give it 24 hours to dry before applying topcoat with Dupli-Color Sandable Primer or Dupli-Color Topcoat Paint. If needed, dry sanding can be done to achieve a smoother coat before applying primer or topcoat. Covers approximately 12 – 14 square feet.

Packaging

Fill Weight: 10.25 oz

Per Case: 6 cans

Case Weight: 5.51 lbs

Cases/Pallet: 160

Units/Pallet: 960 cans
